Politeness Wikipedia

February 17th, 2019 - Politeness is the practical application of good manners or etiquette It is a culturally defined phenomenon and therefore what is considered polite in one culture can sometimes be quite rude or simply eccentric in another cultural context While the goal of politeness is to make all of the parties relaxed and comfortable with one another these culturally defined standards at times may be

Politeness theory Wikipedia

February 16th, 2019 - Politeness theory accounts for the redressing of affronts to a person s face by face threatening acts The concept of face was derived from Chinese into English in the 19th century Erving Goffman would then go on to introduce the concept into academia through his theories of face and facework Although politeness has been studied in a variety of cultures for many years Penelope Brown
